Comments

The Mason-Dixon Trail is currently re-routed around the Stateline Woods Preserve (SWP). The previous connection between Auburn Valley State Park in Delaware and Stateline Woods in Pennsylvania was on private land that was posted "no trespassing" recently. In response, the trail had to be re-routed along roads around Stateline Woods. (It does, however, now pass a craft brewery!) We are hopeful that future public/preserved land acquisitions in the area will allow a new connection between Auburn Valley State Park and Stateline Woods in the next few years. For the time being, the Mason-Dixon Trail is detoured on the blue route above from the Paper Mill Parking Lot on Bengel Road to the intersection of 9 Gates Rd and Fasset Dr.

**Location**

Annual Trail Closure Along Cossart RD,
PA during December and January
